REQUEST FOR PROPOSALS: Interior Design of the ILC Facility at ASYV

Introduction:

The Agahozo-Shalom Youth Village (ASYV) believes that it takes a Village to transform a child. Through healing, education and love, the Agahozo-Shalom Youth village (ASYV) empowers orphaned and vulnerable Rwandan youth to build lives of dignity and contribute to a better world. All children deserve a loving family and a safe home. We believe Agahozo-Shalom (ASYV) can serve as a model of how to heal a traumatized society through caring for its children.

To support our mission of creating a nurturing and inspiring environment for all visitors and partners, Agahozo-Shalom Youth Village (ASYV) is seeking proposals from qualified interior design firms or individuals for the **interior enhancement of the Intore Learning Community (ILC)**.

The ILC functions as a hotel facility within the village, hosting a wide range of guests including educators, partners, donors, and program participants.   Develop a comprehensive landscape and lighting plan that enhances both functionality and atmosphere. This should include the improvement of tree landscaping, as well as the strategic placement of general, task, and accent lighting across various areas. The plan must prioritize energy-efficient solutions, while simultaneously creating a warm, inviting ambiance that elevates the overall experience of the facility.
